The Militia Law.

Continued.

Section 24th directs that the Commander-in-Chief may receive back any arms, equipments, military stores, etc., from any county or portion of militia force of the State, whenever a desire is expressed to return the same from any other legal cause, and the officer designated by the Governor shall receipt for the same, in triplicates, to be filed as provided in section 22.

Section 25th provides that all arms, equipments, military stores, issued as provided by this Act, shall be examined by inspecting officers of the State, and if found out of repair, injured or defective, the Commander-in-Chief shall cause the same to be repaired by those having them in charge, and if not done in reasonable time, then he shall appoint some proper officer to have the repairs done, and expenses paid from the Military Fund.

Section 26.—The Secretary of State to charge the value of all arms, equipments, &c., to the several counties in which such public property shall be issued, and all expenses of repairs, as provided in the foregoing section; also, double the value of any arms, military property, &c., which such counties or military companies shall have failed to return to the State on the demand of the Governor. At the close of each fiscal year he shall settle the account of each county, with reference to such issues and military charges, and the amount so found due, shall on the requisition of the Secretary of State be assessed at the time of the next annual assessment, as a part of the county taxes, and be collected in such county in the same manner as the ordinary taxes, and shall be paid into the State Treasury as a part of the Military Fund of the State.

Section 27.—The transportation of arms, etc., issued to troops or received by the State under this Act, shall be contracted under the direction of the Commander-in-Chief or Adjutant General, and when proper vouchers are produced to the Secretary of State, the expenses of the same shall be paid out of the Military Fund.

Sec. 28. No public arms, equipments or military stores of any kinds, shall hereafter be issued to any person not a member of the organized volunteer militia, or of the enrolled militia called into active service, except in time of war, insurrection or public danger, so imminent that the Commander-in-Chief shall consider that the public safety requires him to make such issue, in which case an accurate account shall be taken of such issues and to whom they are made.

Sec. 29. Within ninety days from the passage of this Act, each and every officer of volunteer companies now organized, having in his possession any arms, equipments or military stores belonging to the State, shall give to the county in which he resides, good and sufficient bonds, to be approved by the County Judge, to secure the county from loss, on account of the use or misapplication of the same; and the officer so giving bonds to the county, shall, together with his sureties, be released from his and their liabilities for the same property, or any bond heretofore given by him and them to the State, and the same shall be charged to the said county; and after the expiration of said ninety days, no person shall retain, or have in his possession at any time, any arms, equipments or military stores of any kind belonging to the State, unless they have been properly issued to such person in pursuance of law, and he shall be permitted, by proper authority, to retain the same in the discharge of a public duty; and no person shall use any public arms, equipments or military stores belonging to the State for his private use, under penalty, in either of the above cases, of not less than five nor over fifty dollars for each offence, to be recovered, in case of a member of the organized militia or the enrolled militia in active service, by sentence of a Court Martial, or in case of any other person, by suit, in the name of the State, by the District Attorney of the county, before any court of competent jurisdiction, and the money so recovered shall be paid into the Treasury as a part of the Military Fund of the State. The Commanding General of Brigade shall have authority to take possession of such arms and equipments so used, without process of law, and he shall account to the Adjutant General for the same.

Section 30th allows the formation of battalions by not less than three nor more than eight companies, such organization to be effected in a similar manner as provided in Section 19 for the formation of companies.

Section 31. A battalion of eight companies deemed a regiment, and shall be entitled to one Colonel, one Lieutenant Colonel, and one Major; battalions of more than four and less than eight companies shall elect one Lieutenant Colonel, who shall be commanding officer, and one Major: and a battalion of three or four companies shall be entitled to elect one Major, who shall be commanding officer.

Section 32d defines the duties of commanding officers of each company relative to making out muster rolls, ordnance and supply receipts, &c.

Section 33. Commissioned officers to take rank according to date of their commissions, but officers of organized volunteer companies, regiments, &c., shall in all cases be deemed of superior rank to officers of the enrolled militia of the same grade, irrespective of the date of their commissions.

Section 34. The whole volunteer force of the State, including all officers of whatever grade or station, from Commander-in-Chief down, shall be denominated the Organized Militia of Oregon, and shall at all times be subject to be called into active service by the Commander-in-Chief, and when so called each person shall be called and mustered according to his commission, enrollment or organization. All other militia in the State shall be denominated the Enrolled Militia of Oregon.

Sec. 35. In case of war, insurrection, or rebellion, or of resistance to the execution of the laws of this State, or upon the call or requisition of the President of the United States, or upon the call of any officer of the United States Army, commanding a division, department, or district, in Oregon, or upon the call of any United States Marshal in Oregon, or of any Mayor of a city, or of any Sheriff, the Commander-in-Chief is authorized to call into active service any portion of the organized or enrolled militia of this State. In case of the absence of the Commander-in-Chief from the Capitol, or if it be impossible to immediately communicate with him, the civil or military officer making the requisition for troops may, if he deem the danger imminent and not admitting of delay, serve a copy of such requisition, together with a statement of the Governor's absence, or the impossibility of immediately communicating with him, upon the Major General, or, in his absence, upon the General of Brigade, who is hereby authorized to exercise, with respect to calling out the troops of his division or brigade, the powers conferred in this section upon the Governor; but if the call shall be disapproved by the Governor, the troops so called into service will be immediately disbanded. This section further provides the mode of conducting said call and the organization of battalions, &c., if required.

Sec. 36. If a sufficient number of volunteers shall not answer the call, as provided in the above section, the Brigadier General, or other proper or appointed officer of the brigade in which such call is made, shall promptly proceed to draft from the enrolled militia of his brigade a sufficient number to satisfy said call. The mode of drafting in such cases to be conducted in the usual manner.

Sec. 37. Parts of companies, or parts of battalions so drafted, may, at the discretion of the Commander-in-Chief, be mustered into other companies or battalions in active service, and all vacancies in offices of same may be filled by Commander-in-Chief.

From Lewiston.—We find the following items of news in the *Golden Age* of October 30th:

The party who were sent up Snake river to examine the practicability of its being navigated by steamers to Fort Boise had returned, and reported favorably though not certainly. It was expected that the steamer *Spray* will make the attempt in a few days, accompanied by a military escort. A very important enterprise, of which we will give more in detail hereafter.

Gen. Alvord had spent several days at the Agency and Military camp, and while there called a large number of the disaffected Indians together, and had a long talk with them, resulting, it is hoped and believed, very favorably.

A Military post is to be established at Fort Boise in the Spring, thus affording additional protection to the miners and settlers in that region.

Highway Robbery.—Mr. L. G. Berry, a packer, was robbed a day or two since, of about twelve hundred dollars, while on his way to Lewiston from Florence City. His brother was with him at the time, and the robbers, three in number, boldly attacked them in a narrow path and compelled them to drop in the path all the dust they had. The robbers are known and hopes are entertained that they will soon be caught.

New Steamboat.—A new steamboat of light draft is to be built to navigate Snake river to the vicinity of Fort Boise, and Clearwater to the Forks.

Grist Mill.—The new grist mill erected by the Indian Agent on the Lapwai, is nearly finished. The mill was built by Mr. M. M. Williams, and is not only a substantial piece of work, but the mill itself has all the modern improvement for blowing, &c., other ways cleansing wheat preparatory to grinding.

Military Post.—The location selected for the New Military Post, is on the banks of the Lapwai, about two miles above the Agency. The grounds are spacious and well adapted for parades with cavalry or infantry. Steam communication can be had with the Post at all seasons of the year.

Gen. Alvord and Capt. Mears having finished their duties, left yesterday for Walla Walla. The visit of Gen. Alvord to Lewiston and the Agency, at this important moment in our history, has been productive of much good, and he has left a feeling of security and satisfaction to us all.

Major Rinearson moved his command and camp to the new military post on the Lapwai, above the Agency, on Tuesday, October 28th.

Superintendent Rector, of Oregon, passed through Lewiston on Saturday last to the Indian Agency on the Lapwai.

We learn from a private source that Capt. Thompson's company of W. T. Infantry have been ordered to Lapwai, in the Nez Perces country, to establish a military post there; and that no company of cavalry will winter at the Dalles, as was contemplated previous to the visit of Gen. Alvord to the upper Columbia. Gen. Alvord is now on his way back to Vancouver, though it has not transpired officially. We presume that he has effected an understanding with the Nez Perces.

Boise Mines.—The news in regard to these mines is very flattering. Great discoveries have been made and a perfect rush has already commenced from John Day's and Powder River. Two hundred and fifty miners left Auburn on Sunday before last for the new diggings. Boise is from 150 to 200 miles from Auburn, and there is a good wagon road over a fine country all the way.

The steamer *Active* has abandoned the effort to recover the treasure lost in the *Golden Gate*.

A New Name for an Old Concern.—We have received, "*by mail*," what purports to be Vol. 1, No. 1, of the *Eugene City Review*, "a *neutral newspaper*, devoted to the literary, agricultural and domestic interests of the people of Oregon." But, for the purpose of giving our readers a better understanding of its real *status*, we make the following extracts from its editorial columns:

"The subscribers of the *Register* will hereafter be furnished with the *Review* in its place, as the circulation of that paper is stopped by order of General Wright, military ruler of this coast. The *Review* is under the control of the same parties that conducted the *Register*, and we hope the subscribers of the suppressed paper will not only continue their names upon our books, but will still use their influence to extend the circulation of our paper. We are determined to print—determined that our paper shall become one of the permanent institutions of the State, so none need withhold subscribing for fear of suppression or suspension. It *can't* nor *shan't* be done. We shall forward, in a few days, bills to all persons who have received the *Register*, and if not paid within a reasonable time, we shall charge them in accordance with the terms of the *Review*—$4, if not paid in advance.

Why—Ohio and Indiana, States long "hopelessly abolition," have now by an overwhelming majority gone "hopelessly democratic"? The why is not told by the telegraph."

From the Plains.—Mr. Isaac Smith, of this city, has permitted us to take extracts from a letter which he received from his brother, Hiram Smith, dated Melade River, Oct. 11, 1862. He says:

"We have had a long trip in consequence of losing our way. The route we took in 1851 from Salt Lake to Snake river had not been traveled lately, and the trail was overgrown with grass, which caused us to be twenty-two days in finding our way through—which delayed us that length of time later. We number seventy-eight persons, all in good health. We were constantly followed by the Indians, but our numbers and vigilance saved us and our stock. Three men came to our camp one day from the Humboldt, stating that the Indians had killed their stock and taken six months' supply of provisions from them. We shared with them, although on short rations, until we fell in with Col. Maury's command. Their names are, D. Strait, of Kentucky, Jos. McKinlay, of Wisconsin, and Mr. Vining, who has a brother living at Kerbyville, Oregon. A large war party of Piutes came into our camp three days ago, from the Humboldt."

Since the above was received, we learn that Mr. Smith and party had reached the Umatilla, all well, and would lay there a few days for the purpose of recruiting, before coming down into the Valley.

Cairo, Oct. 26th.—Later information has just been received from Bolivar and Jackson, Tennessee. It was reported there, on what seemed to be good authority, that Price was on the Hatchie river with fifty thousand men, marching in the direction of Bolivar. Pillow was also reported in the same neighborhood, with twenty thousand. This rumor is considered probable in military circles.

Gen. Job Johnson is said to be in command of an army of twenty thousand men at Little Rock, Arkansas.

Memphis, Oct. 25th.—There is an alarming report here this evening, that a force of a thousand rebel cavalry has stationed itself nine miles from here, on the Memphis and Charleston Railroad, and taken possession of the line. They refuse to let any one come here from headquarters in the vicinity of Non Conner, Fayette county, Tennessee. This is supposed to be the advance guard of a large force having designs on this city.

Late Richmond papers announce that a Judge of the Georgia Supreme Court has decided the Confederate Conscript Act unconstitutional, and declared all its provisions and requirements void, and the conscripts illegally restrained of their liberty. The rebel officers engaged in making the conscription do not seem to be much troubled about the decision.

The religious papers of San Francisco suggest that the fourth Sunday evening of every month be observed as a season of prayer for our country.

Agency Notice.—Mr. L. P. Fisher is our only authorized Agent in San Francisco to receive advertisements, and transact business for the Daily and Weekly Oregonian. Office—No. 121½ Washington street, nearly opposite Maguire's Opera House.

The attention of the community is respectfully solicited to the New Goods arrived by the last steamer—embracing a full line of Ladies' Silk Mantillas, French Bonnets, Florals, new style Hats, Challie, Poplins, and Delaines, together with a full assortment of Gents New Style thin Cassimere suits, Fancy Sacks, Broadway styles of Business Suits, and the very latest fashion of Parisian and New York Fancy Summer Panama Braid and Light Cassimere Hats. All the articles are now ready for sale, and can be seen at Harker's New Building on First street, in the rear of Commercial Wharf.

White's Patent Lever Truss.—These instruments are recommended to the public as the best ever yet invented. The principle is new and different from any other. The Pad works over a Knuckle, giving it a circular INWARD and UPWARD motion, thus being able to support the rupture with half the pressure required by other Trusses. The pain consequent upon heavy pressure is thereby avoided.

These instruments will not rust, and are the lightest, most durable and most cleanly of all others. They can be washed at pleasure. Many persons have been cured by them of ruptures of several years standing.

CITY.

The MORNING OREGONIAN has a larger SUBSCRIPTION LIST than any other Daily published in this City.

THE DAILY OREGONIAN may be had at the Franklin Book Store, and at Charles Barrett's, Front street.

PERSONAL.—Mr N Northrop, of the *Washington Statesman*, and Representative elect to the Washington Territory Legislature, from Walla Walla county, paid us a friendly visit yesterday, and passed a social hour or two. He will remain in the city for a few days, when he will take his departure for Olympia. Also, we had the pleasure of meeting our old and much esteemed friend, Hon. T M. Reed, formerly of Olympia, but more recently from Idaho county, who arrived on the *Julia*. Mr. Reed is also member elect of the House of Representatives from Idaho county, and is on his way to the Capital of Washington Territory. We hope these gentlemen may enjoy a pleasant season while "legislatpring" for our sister Territory, and we are quite sure they will give a good account of their stewardship upon their return to their constituents.

25-CENTS REWARD!—We are requested to state that several friends of the editor of the *Evening Commercial* have each generously offered to give the above reward for the arrest, apprehension and conviction of the thief that stole a portion of said editor's ward robe which had been just washed and hung out to dry. We heartily concur in the remarks of the editor relative to the mean action. Dame [illegible] should forever after hide her face with shame when she creates a being so mean that would steal from a Printer. However, we defy any thief to do the same to us. "He that steals our purse steals trash, but he that robs us of our good—clothes, robs us of that which we haven't got."

ARRIVAL.—The steamer *Julia* arrived last evening from Cascades with about 90 passengers and 40 head of horses. No news of importance from above. A small quantity of dust came down. We are indebted, as usual, to Wells, Fargo & Co. for copies of late up-river papers.

THANKS.—Our thanks are due Mr D. C. Kelly for late copies of the *Victoria Daily Chronicle*, a new paper just started in Victoria, V. I. The *Chronicle* presents a neat [illegible], and starts, or seems to start, with a large number of "ads," and other evidences of prosperity. The sheet is medium size, but its editor boasts that he hopes to be enabled to enlarge it to the size of the S F. *Herald*, in a few days.

INSANE ASYLUM.—We are informed by Dr. [illegible], that a contract has just been awarded to Carson & Porter, Architects, for the building of an addition to the Insane Asylum of Doctors Hawthorn & Loryea, East Portland, who have the contract for keeping the Insane of the State. This addition will consist of 40 rooms, all well finished and properly arranged for the accommodation of patients, and will probably cost when completed, between $3,000 and [illegible],000.

DENTISTRY.—We call the attention of our readers to the card of Dr. H. H. Black, found in to-day's paper, under head of new advertisements. Dr. Black has gained a very wide reputation as a skillful, scientific and practical Dentist, and from specimens of work which we have frequently seen and examined, we are convinced there is none better on this coast. His "*Every man his own Dentist*," "*History of Dental Practice on the Pacific Coast*," together with a work which he is now preparing for the press, entitled "*Black's [illegible] Dentist*"—have already and will tend to secure him a higher reputation as a [illegible] Dentist, both in theory and practice, than any other gentleman of this profession on the Pacific Coast.

TEMPERANCE LECTURE.—As usual, the M. E. Church was again crowded to overflowing last night, to hear Mr. Winton, the great temperance lecturer. A large number of ladies and gentlemen signed the pledge, and a temperance society was organized by the election of officers, and adoption of measures to govern the same, which we hope may be perpetuated.

A CHEERING PREDICTION.—The Washington correspondent of the New York *World* says:

A leading General in the army of the Potomac, one who is noted for saying very little and that little very reliable, said lately that he would not be surprised if the war was virtually terminated by Christmas.

The correspondent of the New York *Evening Post* makes substantially the same statement.

CONVENTION OF BOGUS GOVERNORS.—A Convention of disloyal Governors was recently held at Houston, Texas, at which Claiborne F. Jackson of Missouri, Henry M Rector of Arkansas, Thomas J Moore of Louisiana, and Frank R. Lubbock of Texas, took part. They adopted an address, which has been presented to Jeff. Davis. Two or three of these pseudo Governors have no permanent abiding place on account of their disloyalty and if they were found in loyal States would be taken up under the Vagrant Act.

A NEW INVENTION.—A correspondent of the Boston *Traveller*, writing from the United States steamer Kearsarge, says that the Chief Engineer of that vessel, Whittaker, has made an invention designed to destroy iron plated vessels, and that the officers all believe that he has succeeded. The Captain has ordered him home to report to the Navy Department.

The English physician sent to Garibaldi has reported favorably. He declares that the ball never entered, but struck and broke the inner bone of the ankle. The wound had been laid open, and progressed favorably.

The New York *Herald* speculates that the 30,000 men Napoleon III talks of sending to Mexico are really intended for Italy.

FIELD'S STEAMED OYSTERS!

MR. A. FIELD, whose Oysters have long enjoyed the highest reputation in this market, has recently invented an entirely new process of cooking, which possesses every advantage over the one hitherto employed. It so preserves the natural flavor, freshness and shape of the Oyster that they may be either Stewed, Fried, Scolloped or Fancy Roasted—in fact cooked in any manner adapted to those just taken from the shell. They will not be broken into pieces by land travel, however lengthy, and will retain their sweetness, after the can is cut, longer than secured by any other method.

Shipments arrived and for sale by all the Grocery Jobbers in San Francisco.

DR BAKER'S
PAIN PANACEA.

Is composed entirely of healing gums and vegetable oils and herbs. It is perfectly safe for the most delicate to use. I can most sincerely say that I have never known any however delicate to be injured by it in the least. I will continue to ask the afflicted who have not used it, to try it for the following diseases. If they are not satisfied with its healing properties the money will be cheerfully returned by the agent where the medicine is for sale.

If you have pain in the stomach or bowels, try a dose of Pain Panacea internally, bathe externally over the parts affected, and you will at once restore the proper action and relieve the pain.

If you have a Bruise or Wound bathe it well with the Pain Panacea four times a day. It will relieve the pain, and take out all the poison, and heal the wound in a short time.

If you are suffering from Neuralgia or Rheumatic Pains, apply the Pain Panacea freely, and take a dose of it internally morning, noon and night; it will not only cure the pain, but will remove the cause of the disease.

If you have the Dyspepsia, and your food distresses your stomach after eating, take a dose of Pain Panacea after each meal.

If you have a Cankered or Sore Mouth or Throat, apply the Pain Panacea to the affected parts, and gargle the mouth or throat three or four times a day.

If you have the Diarrhoea or a relaxed state of the bowels, take a dose of Pain Panacea, and they will soon be restored. If you have a painful swelling, bathe the parts freely and you will soon relieve pain, and the swelling will be reduced.

If you have a severe tooth-ache, apply the Pain Panacea on a piece of cotton and bathe gum at the same time; it will stop the pain instantly.

If you have a pain in the Breast, Side, Back or Kidneys, bathe the parts affected morning and night, at the same time take a dose of the Panacea internally.

If a Mother has a caked breast, apply the Panacea as hot as it can be borne.

If you feel chilly or cold, as though you were going to have a fever, take a dose of Panacea.

If you have a wound, cut, or galls upon your horse, apply the Pain Panacea. It will take out all the inflammation and heal the sore in a short time.
